

Show-Me Strong Recovery Plan: Phase I

General Guidance for Business

SOCIAL DISTANCING

Missourians shall abide by the 6ft distancing rule from other individuals. This does not apply to family members or individuals performing job duties that require contact with other people to perform their work duties. Enhanced precautions should be taken when work duties require contact with people less than 6ft apart.

VULNERABLE POPULATIONS

People shall not visit nursing homes, long-term care facilities, retirement homes, or assisted living homes unless to provide critical assistance or in end-of-life circumstances. Elderly or otherwise vulnerable populations should take enhanced precautions to reduce the risk of exposure and contracting COVID-19.

- Prepare to implement basic infection prevention measures informed by industry best practices, regarding:

- Protective Equipment
- Temperature Checks
- Testing, isolating, and contact tracing; and
- Sanitation, including disinfection of common and high-traffic areas (entrances, breakrooms, locations where there is high-frequency employee interaction with the public/customers).

- Modify physical workspaces to maximize social distancing.
- Minimize business travel.
- Develop an infectious disease preparedness and response plan, including policies and procedures for workforce contact tracing when an employee tests positive for COVID-19.
- Monitor workforce for indicative symptoms. Do not allow symptomatic people to physically return to work until cleared by a medical provider.
- Develop, implement, and communicate about workplace flexibilities and protections, including:
 - Encouraging telework whenever possible and feasible with business operations;
 - Returning to work in phases and/or split shifts, if possible;
 - Limiting access to common areas where personnel are likely to congregate and interact; and
 - Ensuring that sick leave policies are flexible and consistent with public health guidance.

How long is this order in effect?

The Order is in place through Sunday, May 31, 2020. The Order will be re-evaluated before it expires, and may be further restricted, less restricted, or extended in the current form.

* Businesses and employees should work together to implement public health and safety measures for employees and customers, using the above direction as a guide, in addition to any guidance provided by the Centers for Disease Control and Prevention (CDC).
